District Administrator and Operations Manager Report September/October 2020

District Administrator:

- The Cost Report for GEMT (Fiscal Year ending 2017) was audited in Jan 2020 and at that time, were notified they had concluded their audit. But no formal review summary was provided until this week. The auditor's finding found the \$24,640 received by CLSD (back in Jan 2018) represents a proper determination in accordance with the reimbursement principles. So no findings or overpayment liability. We have not been audited for FY18 (we did receive \$18,460 back in April 2019). The cost report for FY19 remains in limbo (they have not yet redesigned the cost report) as well as the FY20 that would normally be due by Nov 30.
- Final Budget update: In the last month there has been discussion of a variety of new expenses (new ambulance, Road Safety equipment for the ambulances, staff modifications, hiring of the new DA, etc.). In a detailed review during the Finance Committee, we realize the budget surplus expected to be ~\$59K may be reduced to \$30-35K if the new DA reports for duty earlier than expected. Otherwise, all accounting has been properly logged.
- In addition, the annual average of ambulance revenue for the last three years is \$702,537. The FY21 budget conservatively used \$650K so there is likely a \$50K buffer.
- We have engaged former District Auditor Craig Collins to close our books for FY20 in process now. Our annual Audit is scheduled for Nov 4-6th.
- In the news this week, Purdue Pharma will pay \$8B in fees for their role in the opioid crisis.
 CLSD filed a claim (along with other Mendocino County Special Districts) at the end of July using the Claim Value Estimates prepared for Mendocino County Special Districts.
- Financing of the new Sprinter Ambulance is in process.
- I have authorized the Leader to start the ambulance. We are on the list to receive a new Sprinter chassis and expect to have within the month. Once Leader obtains the chassis, they will be able to predict delivery date of the new ambulance.
- We will coordinate the gurney tracking system upgrades (to meet Road Safety Standards) to the existing ambulance fleet to coincide with the delivery of the new ambulance. The gurneys will require modifications and there will be training implications that will be coordinated to have a timely implementation.
- Our Employee Assistance Program initiated and all staff have been informed how to access for their personal and confidential use.
- The EMT class has now coordinating their clinical rotations and ambulance ride-a-longs. They
 have nearly completed the didactic coursework and shifting focus on clinicals. We've made
 arrangements for clinical and field experience will be completed through Adventist Health
 Mendocino Coast as well as RCMS Urgent Care and CLSD ambulances.
- I am working with Ara Chakrabarti to assist RCMS renewing their designation as an alternative ambulance receiving facility due to expire 12/31/20. CLSD will draft a Letter of Support to include in the request for renewal documents.
- Both Sonoma and Mendocino County remain categorized as Tier 1 purple (widespread COVID community transmission). A County must have three stable weeks reporting data to qualify moving to the lesser-risk-Tier.
- While researching the CalPERS discrepancy of 2% at 55 vs. 57, we have learned the liability is significantly less than originally expected. We're working towards a final solution currently and will update next month.
- Participated in the first CLSD Ad Hoc HR committee meeting. We reviewed historical documents and will be developing a strategic approach to refresh all CLSD HR policies. The initial focus will be revising the Employee Handbook.

I attended the last REDCOM meeting of this CY October. The REDCOM BOD is aware of my
impending retirement and will be expecting my introduction of the new DA to the Board. The
new DA will continue to hold a Board seat. The next meeting will be in Jan 21.

Operations Manager:

Deployment / Staffing

- First paramedic supervisor meeting scheduled in October with the three supervisors; Bronwyn Golly, Megan Rosecrans and John Huff. We will be concentrating on communication and core duties. Due to all the shift changes November is the first month that all will be in their new shifts.
- Call load has been steady for September and October. Crews have been busy......great to have M-122 staffed regularly.

Facility

Finishing small projects and general maintenance. Nothing big anticipated for FY 21.

Vehicles/Equipment / Supplies

- 2015 Sprinter had a DEF "emissions issues bill was \$3700 ouch!
- New ambulance is ordered. As discussed we should have a better estimate time of arrival once we hear that the chassis has arrived at the builder -- Leader Inc.
- New crew pagers arrived Bronwyn is coordinating the programming with Malay Thacker
- Bronwyn is working on getting the new gurney track system scheduled.

Community events / Training

- EMT class is progressing with 7 students. Clinical and ambulance times are being scheduled
- We have resumed some CPR skills training with 8 students trained so far.
- New AHA CPR guidelines due out in October / November. Addressing COVID 19 and new concepts.
